

## KEY POINTS

# ASTERITE® Metal

**ASTERITE® Acrylic Sheet for bath, shower and vanity applications.**

### Achieve a Different Look

ASTERITE® Metal have been specially created to offer a shimmering, attractive metallic effect.

The metallic effect is achieved through the use of special pigments that align in the sheet to give the novel sparkle and frostiness.

### Quality & Performance

ASTERITE® Metal fulfils EN 263 requirements, the European Specification for cast acrylic sheets for baths and shower trays and has also been awarded the prestigious French AFNOR "NF" quality mark.

Furthermore, it offers almost unlimited design freedom, giving manufacturers the potential to create a unique and exciting product with minimal capital investment.

With ASTERITE® Metal you can achieve the look of metal, but with all the outstanding performance benefits of acrylic:

- Smooth surface
- Metallic effect
- Warm and inviting to the touch
- Strong, durable and hard wearing
- Easy to shape and style
- Lightweight and easy to install
- Can be used to create baths, shower trays and vanity basins
- Meets exacting quality and performance standards of the ASTERITE® brand

## PRODUCT RANGE

Available thicknesses: 4 & 5mm.

7 colours to choose from:

If you require a different thickness or a new colour, please ask for details of the ASTERITE® make-to-order service.

Please note the colours shown above may not exactly match the colours of ASTERITE® acrylic sheet. Please request a sample to see the true colour.
