

## KEY POINTS

# ASTERITE<sup>®</sup> Easy Shaping

**ASTERITE<sup>®</sup> Acrylic Sheet for bath, shower and vanity applications.**

### Optimised Performance

The ASTERITE<sup>®</sup> Easy Shaping (ES) grade is a more easily thermoformed grade of ASTERITE<sup>®</sup> Acrylic Sheet. Not only does the "Easy Shaping" give enhanced formability and high mould definition, but it also allows faster production cycles, increased throughput, lower energy costs and lower production reject.

### Make It Your Way

In addition to greater design options, you can make luxurious baths and shower trays in a wide range of colours, effects and grades to suit your customers' requirements.

This superior product also comes in single-sided thermoformable masking, providing further time saving and cleaner processing by reducing the amount of static charge.

ASTERITE<sup>®</sup> ES offers the ultimate in design freedom along with a number of other valued benefits:

- High mould definition
- Increased design possibilities
- Reduced cycle time and increased throughput
- Save energy costs (up to 15%)
- No need to de-mask: less static generated
- Good craze resistance
- 100% recyclable

## PRODUCT RANGE
