

KEY POINTS

ASTERITE® SPA

ASTERITE® Acrylic Sheet for bath, shower and vanity applications.

Durability & Performance

ASTERITE® Spa continuous-cast cross-linked acrylic sheet is specially formulated for deep-draw thermoforming. It is used primarily for the production of spas.

ASTERITE® Spa shows excellent processing characteristics and the surface quality needed to produce complex mouldings which are attractive and durable.

Colour Inspired by Nature

The colour heritage of ASTERITE® Spa ensures a broad palette of colour choices – from natural earth tones to bright blues – along with remarkable textures that mimic marble and granite. From the silky-smooth Gemstones to elegant textured Granites, it is surprisingly warm to the touch.

- High mould definition
- Increased design possibilities
- Reduced cycle time and increased throughput
- Save energy costs (up to 15%)
- No need to de-mask: less static generated
- Good graze resistance
- 100% recyclable

PRODUCT RANGE

Available thicknesses: 3.2 & 3.4mm.

Available sheet sizes: 2286x2286 & 2540x2540mm

Stocked colours to choose from:

If you require a different thickness or a new colour, please ask for details of the ASTERITE® make-to-order service.

Please note the colours shown above may not exactly match the colours of ASTERITE® acrylic sheet. Please request a sample to see the true colour.
